

# ABOUT Nimbin NSW

## RVTS TARGETED RECRUITMENT PILOT

The Remote Vocational Training Scheme (RVTS) assists the recruitment of doctors to targeted rural and remote communities with high medical workforce need, by including the RVTS GP Vocational Training program as a component of the doctor recruitment package. Since 2018, RVTS has successfully assisted the recruitment of 23 doctors to 26 rural and remote locations across Australia, including 10 Aboriginal Medical Services.

RVTS Training is a four-year GP and Rural Generalist training program delivered by Distance Education and Remote Supervision leading to Fellowship of the ACRRM and/or RACGP. RVTS Training is fully funded by the Australian Government.

The Targeted Recruitment model has brought workforce stability and enhanced continuity of care to the participating communities, as well as career progression to specialist qualifications for the recruited doctors. The RVTS Targeted Recruitment strategy is an Australian Government Initiative.

Nimbin Medical Centre is a mixed billing and AGPAL Accredited general practice seeking a doctor to join our happy team. This practice was established in 1982 providing the community with a full range of GP services offers a challenging and highly rewarding experience for the right person.

The team here prides itself on its commitment to supporting this community and each other. Our GPs' interests are varied and include but are not limited to skin procedures, men's health, indigenous health, medicinal cannabis, and integrative medicine.

We provide space to allied health workers including a psychologist supporting our patients' chronic disease management. Nimbin also has a hospital and community pharmacy.

We offer flexibility with start and finish times and time out for study and family commitments. If you think this is a life and a workplace that would suit you, please contact us.

## FAST FACTS
