

ABOUT LAKE CARGELLIGO NSW

RVTS ENHANCED TARGETED RECRUITMENT PILOT

The Remote Vocational Training Scheme (RVTS) is assisting the recruitment of doctors to targeted remote communities with high medical workforce need by including the RVTS GP Vocational Training program as a component of the doctor recruitment package.

The RVTS Targeted Recruitment strategy is an Australian Government Initiative. Since the first appointment under the RVTS Targeted Recruitment pilot in 2018, RVTS has successfully assisted the recruitment of 14 doctors to locations with high medical workforce need across Australia, supporting 18 communities, including five Aboriginal Medical Services.

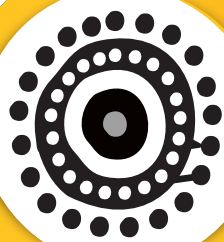

RVTS Training is a four-year GP training program delivered by Distance Education and Remote Supervision leading to Fellowship of the ACRRM and/or RACGP. RVTS Training is fully funded by the Australian Government. Targeted Recruitment locations may also be eligible for Salary Support funding from the Australian Government.

Location

Lake Cargelligo is a wonderful waterway oasis and charming town of the same name are two hours' drive southwest of Parkes and 90 minutes north of Griffith. The town is surrounded by a prosperous pastoral district where wheat, wool, fat lambs, fruit and vegetables are produced.

Attractions

This aquatic playground is perfect for sailing, kayaking, water skiing and swimming. Birdwatching, camping, and golf are also popular along with some of the best fresh water fishing in the region.

Housing

Housing can be provided by the practice. Median house rental is \$250 per week.

Education

Lake Cargelligo has a private primary school and a Central school for both primary and secondary students.

ABOUT LAKE CARGELLIGO FAMILY PRACTICE

Contact:
Sonika Jain
Health Workforce Consultant
NSW Rural Doctors Network
Ph 02 4924 8000

Lake Cargelligo Family Practice is a busy two-doctor practice situated in the prosperous pastoral region of Central NSW.

The practice is closely associated with the State Government run Multipurpose Service which provides acute and residential beds as well as telehealth and 24-hour Emergency Department services.

There is the opportunity for doctors coming to Lake Cargelligo to be credentialed at the local MPs.

" We have stayed because of the receptive and welcoming people – it was easy to become part of the community and the Lake Cargelligo life. The people in the community understand how difficult it is to attract doctors to small rural towns, so they work very hard to not impose on the doctor's personal time. It is a beautiful town, with the lake, water sports, clubs, golf, bowling, cricket, AFL, Rugby, fishing, camping – it has everything. For an incoming doctor working towards Fellowship, there is plenty of quiet time for study." - Dr Bardawil
